Congratulations on registering your new business with the State of California. Our records show you have yet to file for your companies Certificate of Status.

Your Certificate of Status will be completed and processed by California State Corporations. We have simplified this process for you with this form. Mail this form back with your payment method to California State Corporations by completing step 1-2 of this form. Your Certificate of Status request form will take 7-10 business days to process.

Business entities use a Certificate of Status (also known as a "Certificate of Existence", "Certificate of Good Standing" or "Certificate of Authorization") to prove they are incorporated and authorized to transact business in a certain state (or "jurisdiction"). The "good standing" status signifies an entity is current with the filing requirements of that jurisdiction's secretary of state's office, as well as being current with any corporate franchise taxes in that jurisdiction. Banks will often require a Certificate of Status from a business both when opening bank accounts as well as when obtaining financing, so most people make sure and order one.
